

**Request for Proposal – One (1) New Custom Triple Combination Fire Engine
Addendum # 3**

**Issued – January 2, 2019
Closing Date – January 23, 2019**

Please be advised of the following corrections related to the above noted RFP:

Re item 12.53 (Addendum 1), 12.45 (Addendum 2) and 10.44 (Original Document)

Please note that these section numbers all reference the same specification. The original specification in section 10.44 should read as follows:

Seat, Rear Facing. One (1) Seats, Inc. 911 (Or Equivalent) Universal SBA seat shall be provided in the rear facing position over the **“passenger’s side”** wheel well. Features shall include:

- Universal styling
- High Back Seat
- Easy exit, flip up and split headrest for improved exit with SCBA.

All seat positions shall have a bright red retractable 3-point lap and shoulder harness providing additional safety and security for personnel. Extensions shall be provided with the seat belts so the male end can be easily grasped and the female end easily located while sitting in a normal position.

Yes _____ No _____ Exception _____ Score _____

Re items 17.13 and 17.14 (Addendum 2)

Please note that item 17.13 should be referenced as 17.14 and item 17.14 should be referenced as 17.15.
