- Project development plan including financial analysis and financing options
- Through this RFP the City will select a partner to complete phase 1. Please provide costs for completion of phase 1 only.

Division of Facilities
The proponent shall separate the project cost, results, and findings of both Phase 1 and 2 in a way that decisions can be made for specific facilities with separate budgets. This will allow each department or co-managed facility to review their relevant results and costs and determine next steps moving forward.

Phase 2
- Design services
- Procurement of equipment
- Construction and project management
- Proper recycling and waste disposal, where necessary
- Commissioning of work
- Continuing operations and maintenance for all improvements
- Training staff on routine maintenance and operation of systems

- Monitoring and reporting of emissions reductions
- Maintaining long-term, high-efficiency performance of buildings as negotiated and defined in the Phase 2 agreement
- Development of building operations manuals
- Analysis and application for LEED, where applicable

It is not guaranteed that the selected proponent for Phase 1 will carry out the implementation of all the phases of work. If the results of Phase 1 do not meet the City expectations as envisioned then the City retains the right not to proceed.

Post Contract Support of Measures
The ESCO shall have the ability to provide all levels of support services for the ECMs. The City of Charlottetown may or may not, at its option, include these services in the program for specific ECMs. The ESCO must be able to demonstrate in-house service knowledge and capability.
